PV International School, July 2021

We believe the best way of Early Childhood Education should be

PV International School.

## P1 Class

P1 class is learning about kindness. We have worked hard on learning ending letters, family words, ten frames, tally marks, numbers 11-20, and primary colors.  
-Rebekah

## P2 Class

In June children have been learning food themed printable to practice tracing letters, counting and healthy eating. They also had a great time making sweet Father's Day craft for dad or grandpa this year.  
- Vickie

## V Class

Hello! In June V class learned about healthy eating, dairy products and bakery products. Making butter was fun!  
-Rita

## I Class

This month I class have done their best learning and tracing alphabet letters. They really enjoy doing crafts and singing the ABC song. We also started to interact with colors.-Aurore-
