## PV International School, April 2021

We believe the best way of Early Childhood Education should be  
PV International School.

### P Class

March has been an eventful month for P class. We had the sports day and graduation. Students have been working hard practicing for both events. We have been learning about respect and how we can be respectful to others. We also learned how to tell time.  
-Rebekah-

### V Class

By the end of the school year, V class students should be able to follow teachers instructions and know the class rules, should know how to express themselves. Work on developing fine motor skills (using glue, paint scissors, pencil control). Recognize the letters, match capital and lowercase letters, understand the beginning letter sound and write their first name in capital letters. Knowing numbers 1-10, 2D shapes, colors, count items and complete easy patterns. -Rita-

### I Class

This month we have been focusing on number recognition. We learned numbers through variety of activities such as fingerplay song, story books, and play number games. By the end of this month we should be finished our craft book called "I know my numbers" -Shinz-

## 感染予防にご協力ください

How to wear mask properly

送迎時にはマスクを  
正しく着用してください

混み合う時間帯には  
ソーシャルディスタンス  
を十分に確保してお待ち  
願います
