PV International School, February 2020

We believe the best way of Early Childhood Education should be PV International School.

We will focus on cooperation, sharing and helping others.

We will encourage the children to share their thoughts and ideas through language enriched activities.

P Class P class has been working hard on phonics, reading, and handwriting. There is visible improvement in handwriting. They have added many words that they can identify.

This month, we have started to work on spelling. Spelling is quite a challenge. They are starting to get it. I hope that we will see their improvement more next month!-Rebekah-

V Class In the month of January V class kids concentrated on reviewing and learning phonics. We also discussed transportation's parts, trained our listening and speaking skills by answering the riddles!-Rita-

I Class In January I class has been learning about transportations. We practiced tracing lines and did craft-works with the theme of cars, planes, trains and more. Kids enjoyed learning by games and dancing as a warm up for the lessons! -Yuki-
